

Product Owner Web Client (all genders)

KEBA Handover Automation GmbH -
Logistics Automation

Full-time (38.5 h)

Linz, Austria

Attractive salary

What you can do with us

You will further develop our software strategically and operationally at the locker.

You will always keep an eye on the market, trends and new technologies and derive valuable impulses from them.

Together with development, UI/UX, operations and support, you prioritize and maintain the product backlog.

You create user stories and acceptance criteria that inspire our customers.

You will analyze requirements and coordinate closely with internal and external stakeholders.

You are responsible for compliance with data protection and security standards.

This is how you convince us

You have completed a technical education (HTL, FH or university).

You have several years of experience (at least 3 years) as a Product Owner or in a comparable role.

You have a deep understanding of market developments and technological trends.

You have know-how in web technologies, UI/UX principles and agile methods (Scrum, Kanban).

You have experience with common tools such as Jira, Confluence, GitLab and Figma.

You have strong communication and moderation skills – in German and English (fluent).

You work in a structured, solution-oriented manner and with a clear focus on quality.

Salary

You can expect an attractive salary in line with the market. The minimum salary on a full-time basis is EUR 4,000 gross/month. Of course, we offer more - depending on your qualifications and professional experience. In addition, an extensive range of benefits awaits you.

Benefits

We offer you more than just a job: a building block for your future.

About KEBA

At KEBA, we want to use our technologies to help people make their living and working environments easier - that is our mission. For more than 55 years, we have been developing and producing forward-looking automation solutions for various areas as an owner-managed company: from controls for machines and robots, to ATMs and parcel machines, to power charging stations for e-cars.

Our headquarters are in beautiful Linz (Upper Austria) and we are also represented in 16 countries worldwide by more than 2,000 KEBA employees.

At KEBA, we work agilely, self-organized and purpose-oriented. You won't find the classic management hierarchy with us - but you will find the KEBA DNA: We offer you space for your skills and a meaningful job alongside passionate colleagues, with sustainable customer benefits in an innovative market.
